

Pattycake Playhouse, Inc. will be utilizing the Brightwheel app to help us communicate better with our families. The app allows us to log incidents, reminders, track daily activities, check children in and out, and take pictures and/or videos. You can check the app from the convenience of your cell phone, tablet, or computer throughout the day. Brightwheel is a safe and widely used program in childcare centers across the country.

Please **DO NOT** download Brightwheel until you receive the instructions and/or invites from your child's teacher via email. If you create an account on your own, you will not be able to link it to our school once you receive the invite.

Picture and Video Release on the app:

When your child is tagged in a photo, you are the only one who has access to it. That being said, your child may appear in pictures with other children, allowing multiple parents access to one picture. In order to allow your child to be tagged in pictures with other children, please sign and date below. If you choose not to sign, photos of your child working and playing with peers will not be posted at all.
